MULTIMEDIA CABINETS

Sonorous multimedia cabinets offer a modular concept that displays and discreetly stores all your audio/video equipment right at the heart of your living space.

Contemporary designs of lacquered tempered glass, acid etched glass, porcelain and wood have never been so beautiful and completely timeless. Come and discover the perfect balance between industrial design and handicrafts.

Multimedia cabinet has created thanks to the modular system feature.
Fronts, sides and top panels covered with taupe decor ceramics.
Soundbar can be placed behind the perforated door.

Elements cabinet with wall hanging vitrine - transparent glass door with led lighting system.

Multimedia furniture with special perforated front doors.
The speakers and A/V equipments remain hidden and easily accessible.

SIDEBOARDS

Available in both wood base and metal frame, Sonorous sideboards offer a modular system with a rich collection of colors and shapes.

The series allows to freely position shelves, drawers or display cases, and to choose from a wide variety of materials and exclusive finishes including a continuous delicate glass top.

Our new color verde muschio can help you to create more elegant interiors.
Also patch coffee & side table set can add more contrast.

Sideboard - Front doors reeded glass with deep vertical texture.
Special effect created when the light coming on the surface.

Available in the Sonorous glass collection
colors and metal collection colors.

Sideboards front doors with shiny Altissimo ceramic (top) and Noir desir (left).

Round Sideboard

Rich in carefully selected details such as rounded edges, glass, metal or ceramic top and elegant thin metal doors.

Inside Sideboard

Body and surface continuity.

Complementary dark ceramic theme
for any environment.

The most convenient way to create a natural stone effect in your home.

CHEST OF DRAWERS & BEDSIDES

Sonorous offers functional and complementary units in a new approach to modern living. Offering storage space for the entire home, these units appeal to all tastes with glossy or matte glass-covered body with a wide range of colors, and additional ceramic or wood-covered cover options.

COFFEE & SIDE TABLES

Adapting to any space for any use, Sonorous coffee and side tables are ideal for mixing heights, colors and bases for adding a vibrant touch to all living areas. A wide range of tops and bases that can be arranged in numberless ways, offer added space for eating, working or just enjoying coffee.

Patch coffee table & side table set.

Hydro Lift

Adjusting effortlessly on a smooth pneumatic cylinder, a simple push or pull on the hydro lift tabletop glides it to the perfect height. The table's slim and sturdy base slides easily under a sofa or chair, always keeping the versatile surface close at hand for work or play.

Marble effect ceramic top (mocha perla)
brings nature to your living room.

Stylish boomerang
shaped coffee table legs.

Set of coffee & side tables.
Glass and ceramic tops (anthracite).

SHELF & BOX SYSTEM

A bookshelf, a sideboard or a showcase... Shelf & Box finds its place in all living areas ranging from domestic spaces to professional settings. Featuring steel bars that allow for multiple storage options, the system can be customized with different materials, colors and finishes.

Crescend

TABLES

At home for dining and study or in the office as a prestigious meeting table or desk... Great craftsmanship of Sonorous tables bring stylish details to all living spaces. Options for tops, bases and dimensions make it possible to combine all the elements with each other, just as you wish.

FIXED TABLES

Bistro Lift

Portal

Acid etched glass table top.
Available in the Sonorous
glass collection colors.
Thick and tempered safety glass.
Matte surface don't reflect any light
or object. Simple and plain.

Gondola

Gate

The main characteristic of “Inside” ceramic is their body and surface continuity, both as material and look. The table tops are resistant to impact, stains and scratches.

Jetty Table

Jetty leg can be applied on circular or square table tops for use of coffee shops, restaurants, kitchens etc. Leg made of sheet metal and painted with powder coated paint. Table top is 8 mm safety tempered glass and can be painted wide range of glass colors. Top surface can be either shiny or acid etched.

EXTENDABLE TABLES

Butterfly

Butterfly extension mechanism could add more space for your guests.
Wheels on moving leg prevent scratching your floor while opening action.

Tandem Butterfly

Tandem Butterfly mechanism has an ability to perform simultaneous moving to both ways. Mechanism works in harmony. You only need to work from one side of the table to watch your table extends gracefully.

Move Up

This simple and elegant mechanism can easily increase the size of the table by half through two simple motions.

Lift Opening

Lift opening extension mechanism offers you smooth closing and stylish look. Aluminium mechanism makes it possible to use on outdoors.

OFFICE

Love your work space. With fixed and mobile elements and sturdy metal construction, Sonorous office furniture combine innovative design with modern engineering, creating an inspiring working space for all.

Smart sophistication. From a generously-sized keyboard drawer to cable-concealing modesty panels, impeccable attention to detail is at the heart of streamlined and elegant design.

Work Lift

Managing Desk

Desk Plus 1

Simple working environments for you and your guests,
away from unnecessary details and not straining the eyes.

Work Desk 1

Small and compact workspace with movable pedestal with drawers.
A small space in your home Office will suffice.

Meet 1

In this meeting table for 12 people, every detail that the participants may need has been thought. Power sockets, network sockets and even usb sockets.

Meet 2

Meet 3

Meet 4

Work Lift

The standing, sitting, and everything-in-between desk.
These height-adjustable desks take an entire workstation from sitting to standing, and back again, with the single touch of a keypad.

Divider Cabinet

It is a unit where you can store files and folders that can be used by both sides by dividing the working environment into two.

Loop

MIRROR

A mirror can reflect classic, modern and vintage features, with a strong visual impact and unique in its kind. Sonorous mirrors are select interior design item, thanks to the perfect balance between it's materials and its design.

The different colours of the mirrors recall craftsmanship; the bronze finishes have an exquisite retro feel and the decoration on the surface, both simple and elegant, enhances its fine beauty.

- Cable grommets can be found in any location, and other customized versions

SUSTAINABILITY

- Manufactured exclusively in Turkey according to international standards
- The lacquers are in compliance with European Standards for toy safety
- All of the energy used in production is provided from the sun

MODULAR CONSTRUCTION (EX / SB)

Modular construction allows you to arrange cabinets as you require, floor standing, attached to your walls, or both, you decide.

A system of specialist furniture that combines elegance, technical performance and perfection.

CABLE MANAGEMENT (EX)

Cables are an essential part of your system, but you don't want to see them. Multiple and discrete horizontal and vertical cable channels make for easy access for cabling through shelves and cabinets whilst keeping them out of sight within the cabinet.

ROTATING MOUNT (EX)

Brushed anodised aluminium profile is used for TV mounting and provides rotating and an integrated cable management system.

ACID ETCHED GLASS / BACK PAINTED (EX/SB)

Acid-etched glass is annealed glass treated with acid to permanently change its appearance, making it smoother than sandblasted glass.

We strategically color the reverse side of a piece of glass using advanced equipment renowned for precision, spray painting unit and tempering oven, to ensure the finished product is evenly covered. By coupling the beauty of back-painted glass with its practicality, you'll have a winning combination for endless applications.

PORCELAIN & GLASS LAMINATION

Porcelain be can used as the skin for surfaces and structures, designed to multiply intended uses and applications. (Tabletops, sideboard body or front, coffee tables etc.)

Laminated porcelain & glass is a type of safety material that is made of two or more panels of joined together by a layer of plastic (EVA). You can think of this joining as creating a glass & porcelain sandwich. It is safer, if broken, glass or porcelain fragments remain in place rather than breaking into dangerous shards.

Using this new concept that combines light weight and technical performance, it is now possible to create genuine products or installations with the added benefits that come with ceramic technology. The very nature of the material also lets designers apply each of these possibilities in indoor and outdoor environments to develop smooth, curved and even backlit surfaces.

PERFORATED DOOR (EX / SB)

Amplifier, media players and game consoles can all be stored behind flaps which are covered with perforated door. Designed to ensure adequate ventilation so your devices don't overheat. A sound bar, loudspeakers and subwoofers can be placed and operated, hidden from view, without affecting performance.

GLASS DOOR (EX / SB)

CERAMIC DOOR (EX / SB)

VENEER DOOR (EX / SB)

ANODISED ALUMINIUM EDGES (EX)

Careful use of anodized aluminium profiles creates impact resistance edges

IR REPEATER (EX)

Control all your equipment with your remotes, yet keeping it out of sight. Our Infrared Repeater system relays remote control signals to your equipment within the cabinet.

DRAWER (EX / SB)
